## COMPUTER SCIENCE PROJECTS

---

### **Personal Portfolio Webpage**

<https://github.com/jackscali1/scali-portfolio-rwd>

Crafted a cutting-edge personal portfolio, seamlessly blending design innovation with dynamic web development prowess, highlighting skills, projects, and achievements.

### **Blue Lock Wiki Page**

<https://github.com/jackscali1/scali-blue-lock-rwd>

Crafted a dynamic, responsive remake of Wikipedia on the anime "Blue Lock" with sleek navigation, embedded video, and seamless email submission, employing HTML and CSS for an optimal user experience.

### **Scali's Technical Doc**

<https://github.com/jackscali1/scali-technical-doc-rwd>

Engineered a responsive documentation page about myself featuring intuitive navigation, section-linked links, and professional design, enhanced by media queries for optimal user experience.

## SKILLS

---

*Tools* - Visual Studio Code, Git

*Languages* - C++, HTML, CSS, Python, SQL

*Certifications* - Responsive Web Design: freeCodeCamp

([https://www.freecodecamp.org/certification/Jack\\_Scali/responsive-web-design](https://www.freecodecamp.org/certification/Jack_Scali/responsive-web-design))

## WORK EXPERIENCE

---

*Delivery Driver*

**June 2022- May 2023**

**DoorDash**

Satisfied customer needs by never damaging or misplacing foods and items, ensuring a perfect record with zero deliveries missed

*House Mover*

**June 2021- July 2022**

**Collegiate Moving Services**

Partnered with colleagues to package and arrange items to fit properly in spaces to minimize damage whilst being efficient with the timeslots given.

*Cafe Worker*

**June 2018 - Sept 2019**

**Vincents Clam Bar**

Packaged and prepared takeout orders to consumers, working efficiently and timely, whilst ensuring safety of food, drinks and inventory by keeping stations sanitized
