COMPUTER SCIENCE PROJECTS

Personal Portfolio Webpage

<https://github.com/jackscali1/scali-portfolio-rwd>

- Crafted a sleek and responsive portfolio site that features a dynamic header with personal details and social links. This design not only showcases my proficiency in HTML and CSS but also ensures an engaging user experience
- Utilized CSS flexbox and responsive design techniques proficiently to arrange project tiles with clickable images. Ensured a uniform and visually pleasing display across a variety of devices, catering to a diverse range of projects

Blue Lock Wiki Page

<https://github.com/jackscali1/scali-blue-lock-rwd>

- Developed a sleek and responsive Blue Lock Wikipedia site, showcasing expertise in HTML and CSS for an engaging user experience. Implemented CSS flexbox and responsive design techniques for organized project tiles with clickable images
- Integrated captivating multimedia elements, including embedded images and a YouTube video, while also designing an intuitive email submission form to enhance user interaction and engagement on the webpage

Scali's Technical Doc

<https://github.com/jackscali1/scali-technical-doc-rwd>

- Engineered a comprehensive and responsive documentation page about myself, featuring intuitive navigation, section-linked links, and professional design. This experience is further optimized by the strategic use of media queries for enhanced responsiveness
- Introduced a skills matrix and timeline section, offering a comprehensive overview of my technical expertise and highlighting key milestones achieved throughout my professional journey so far within the Developer space

SKILLS

Tools - Visual Studio Code, Git

Languages - C++, HTML, CSS, Python, SQL, C

Certifications - Responsive Web Design: freeCodeCamp (https://www.freecodecamp.org/certification/Jack_Scali/responsive-web-design)

WORK EXPERIENCE

Delivery Driver

June 2022- May 2023

DoorDash

- Efficiently managed timely deliveries as a driver, ensuring customer satisfaction and maintaining a 5-star rating
- Demonstrated strong organizational skills and attention to detail while navigating various delivery routes in a fast-paced environment

House Mover

June 2021- July 2022

Collegiate Moving Services

- Spearheaded efficient and organized residential relocations, ensuring the safe transport of belongings.
- Implemented strategic logistics to maximize space and minimize time in relocation projects with co-workers

Cafe Worker

June 2018 - Sept 2019

Vincent's Clam Bar

- Provided exceptional customer service in a high-volume cafe, balancing diverse tasks with a focus on satisfaction
- Upheld a clean and organized workspace, contributing to a positive customer experience and operational flow
